EINDHOVEN

About

WC Hotel Eindhoven sits at the heart of the city's vibrant design district, linking the central station with the PSV stadium. Once the site of Philips' very first lightbulb factory, the building's industrial heritage has been transformed with striking architecture and artistic character.

The hotel offers 140 uniquely styled bedrooms, Bar & Brasserie Lumen for culinary experiences, a relaxing Wellness Center, and even its own art gallery. Just a direct bus or taxi ride away from Eindhoven Airport

Step back in time…
The hotel once thrived as a bustling factory where light bulbs were produced, followed later by radio tubes and bulbs that quite literally brought light to the world. Today, the legacy of that innovation lives on in the names of our unique spaces. At WestCord Hotel Eindhoven, you'll find the Radiokamer, Machinekamer, and Glasblazerij—three distinctive multifunctional rooms with a spacious adjacent foyer, perfect for meetings and events.
